

Eight Is Enough – Friday Night at the March Sectional

The Friday night game at the March sectional will be **Eight Is Enough**.

That's 7:00 pm on March 9, 2018.

Eight Is Enough is a team format that has been around for a few years and has become very popular. The play is standard Swiss teams – the difference is in the team composition: Players are assigned a ranking based on their masterpoints. No team may have more than eight total points.

Add them up like this:

- 0–499 masterpoints = 1
- 500–1999 masterpoints = 2
- 2000+ masterpoints = 3

So a team could be composed of two 3s and two 1s, or four 2s, or a 3, a 1, and two 2s, or ... you get the idea. It's a great way to mix it up on a level playing field.

Get your team together now! And **sign up by March 5** so we know how many tables to expect. Send an email to Margaret Devere (Margaret@devere.net) or call her at 303-399-0104.

Also: If you have a partner but want assistance finding teammates, contact Margaret.
